

4Life Transfer Factor® Chewable Tri-Factor® Formula

The superpower of immune system support

- Provides immune system support
- Stimulates Natural Killer (NK) cell activity
- Educates immune cells

What is 4Life Transfer Factor Chewable Tri-Factor Formula?

4Life Transfer Factor® Chewable Tri-Factor® Formula provides revolutionary immune system support of Tri-Factor Formula—the combination of Transfer Factor E-XF™ and NanoFactor® extract—in a delicious citrus-cream chewable tablet. It contains ingredients made by the immune system for the immune system and represents a revolutionary advancement in Transference™ Science. The messenger molecules found in 4Life Transfer Factor Chewable Tri-Factor Formula help educate immune cells and support the immune system's ability to more effectively recognize, respond to, and remember potential health threats.

PRIMARY SUPPORT:

Immune System
General Wellness

SECONDARY SUPPORT:

Cardiovascular
Energy

Key features

- Promotes healthy immune system function that, in turn, promotes increased energy and the healthy function of all other systems throughout the body.
- Contains transfer factors (immune messenger molecules) that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and remember potential health threats.
- Provides another way to receive your daily source of Tri-Factor Formula in a citrus-cream flavored chewable tablet.
- Features NanoFactor extract that supports immune system balance by promoting the ability of immune cells to know when to act, how to act, and when to rest.
- Ensures exclusivity with protective United States patents: 6,468,534 (extraction process for transfer factors from egg sources) and 6,866,868 (combination process of transfer factors from cow colostrum and chicken egg yolks).

DIRECTIONS: Take three (3) tablets daily. Additional tablets may be taken as desired.

4Life Transfer Factor® Chewable Tri-Factor® Formula

The superpower of immune system support

4Life Transfer Factor® Chewable Tri-Factor® Formula was developed by 4Life scientists in an effort to maximize immune system support with the combination of 4Life's patented Transfer Factor E-XF™ with NanoFactor® extract in a convenient chewable tablet.

4Life Transfer Factor® Tri-Factor® Formula

Increases Immune NK Cell Effectiveness

*Indicates the percentage increase above the baseline value

Test results obtained from an independent NK cell study conducted by Dr. Anatoli Vorobiev, head of Immunology, of the Russian Academy of Medical Science. The blind study tested 4Life Transfer Factor E-XF™ (the primary ingredient in 4Life Transfer Factor Tri-Factor Formula).

² These studies have been funded in full or in part by 4Life Research USA, LLC.
